Biology Year 11
Lesson Starters

This series of three Biology Lesson Starters CD-ROMs has been developed for presentation to the whole class on an interactive whiteboard or data projector. The activities will capture the imagination of pupils at the beginning of biology lessons. They have been designed by Debbie Nightingale, an experienced science teacher, and software expert Dr Nick Mee, and will save you many hours of preparation time for your lessons. Each CD-ROM includes 25 stimulating lesson starters.
