Preventing War

Virtual Image publish a wide range of high quality interactive educational software. The company specialises in visually appealing CD-ROMs with highly interactive content that is especially suitable for presentation on interactive whiteboards. The interactive activities and other content of the software is designed by teachers, which ensures that it works well in the classroom and ties in with the National Curriculum. Each topic area of the Water CD-ROM includes Teachers' Notes, Key Facts, a multiple choice worksheet and interactive labelling and ordering activities.

National Curriculum: KS2 - KS3   **Scottish Curriculum: Levels B - D**
